[the-village-birders] Carney Island Bird report

To: Village Birders <the-village-birders@googlegroups.com>
Reply-To: Village Birders <The-Village-Birders@googlegroups.com>

We had 14 birders with rain jackets and umbrellas make their way to Carney Island. Usually, if you bring rain gear it keeps the rain from coming but that trick did not work this time. It was raining about half the time we were there, but we were able to see 36 of our feathered friends. We went to Gator Joe's for lunch and all had a great time on this rainy but memorable trip.

Attached is the bird count list.
